The overall rank will be determined by the total points. In the case of tie, the factors to break the tie will be considered in the following order: match between the two tied teams, net winning matches, net winning games, net winning points.

The top two teams of each group advance to the next level. They will place cross match. i.e. No.1 from group 1 play No. 2 from group 2, and vice versa. The winners of this round fight for No.1 and No.2, the loser teams fight for No.3. Only top 3 teams will be awarded with trophy.
